xpenditure

Snap and Manage Expenses Anywhere in Real-Time

Xpenditure automates and streamlines business expense processes for high-growth companies and enterprises. Its innovative mobile and web application uses cloud-based, real-time technology to transform the outdated expense reporting process.

The 3-Steps process

SNAP RECEIPTS ON THE GO

Use the Xpenditure mobile or web app to snap pictures of the receipts and let the OCR - Optical Character Recognition - extract the date, merchant, amount and currency.

MANAGE EXPENSES IN REAL-TIME

Approve, reject and manage your team's expenses, cash advances and mileage tracking in real-time. Set compliancy rules and your approval flow directly in Xpenditure.

INTEGRATE TO YOUR HR & ERP SYSTEMS

Seamlessly integrate with your existing accounting or ERP package for a full end-to-end expense solution. Includes SAP, Oracle, Microsoft Dynamics, Netsuite, Xero and Quickbooks.

xpenditure

Key Features & Benefits

SNAP RECEIPTS

Use Xpenditure to implement a fully digital and paperless expense management process. Simply snap a picture of the receipts. Xpenditure has rulings with several tax authorities to allow companies to get rid of paper receipts.

REAL TIME DATA

With Xpenditure, employees can submit expenses in real time via the mobile app or the web interface. This creates a seamless flow of expenses to avoid picks and gives the company a real time view on the expense activity of every employee.

PER DIEMS

Xpenditure takes away the guesswork out of T&E and automates Per Diem claims and reporting

CASH ADVANCE

Track the cash advances of each employee. Get an overview of the total spent and the open amounts.

MILEAGE & TRAVEL

Keep track of all your travel expenses and have an overview of how much a trip has cost you. Did you use your car ? Calculate your mileage & reimbursement automatically with Google Maps & rates integration.

EXPENSE RULES & ALERTS

Setup your expense policy and get instantly notified when expenses aren't compliant. Rules & Alerts can be setup for communities and individuals.

ACCOUNTING INTEGRATION

Easily integrate Xpenditure with your existing accounting, ERP & HR softwares.

UNIQUE CUSTOMER SUCCESS

Get a real time support from Xpenditure's exceptional Customer Success team. 6 Languages, 3 continents, 7 days a week.

Xpenditure integrates with:

SAP · ORACLE · Microsoft Dynamics · sage · NETSUITE · xero · FRESHBOOKS · exact · intuit quickbooks.
